We are pleased to present Cortile, an exclusive new-construction project in the heart of Kortrijk. Inspired by modern design and with an emphasis on greenery and tranquility, Cortile offers high-quality residences centered around a beautiful communal courtyard garden. Here, you'll enjoy a life of comfort, with the perfect balance between city living and relaxation. This home welcomes you through an entryway with a guest restroom, utility room, and a practical storage area. The living and dining area with an open kitchen creates a pleasant and light-filled living environment and connects directly to the terrace and private garden. An additional terrace area is also provided at the front. Upstairs, you'll find three full-sized bedrooms, a night hall, a separate storage room, and a spacious bathroom. The well-thought-out layout and the combination of multiple outdoor spaces ensure a comfortable and functional living experience. Private parking spaces and a communal bicycle storage area are provided within the project. Furthermore, you currently still have a say in the finishing touches and can fully personalize the home to your own taste. Completion is scheduled for late 2027, and under the applicable conditions, purchase is possible at 6% VAT.
